## SORRY FOR BEING LATE!!

Moon Tee enjoying her ministry at FBT, Kuala Lumpur

(Actually, we just came back from Indonesia but we will report on that in the next issue of Tychicus.)

We taught for BCM again this year. It was a completely new course for Tham Wan. Much time was spent writing up the course from scratch. We also had a lot more weekday preaching engagements this time. Tham Wan is still trying to finish grading the papers.

Although busy, we enjoyed the ministry time and we are grateful for those who have made all the arrangements for us.

Part of our travels have been necessitated by Tham Wan's job as the Seminary Advancement Director. We have started working on a new set of promotional stuff for APTS. This includes a new website, a new promotions video and a new brochure/catalogue. This promotion stuff is really NOT my favorite thing to do but I am happy to be of help anywhere.

I am editing this in the middle of July!! I was not able to keep my own deadline. It is not very good for a seminary lecturer to NOT keep his own deadline!!! We evidently need all your prayers very much. We have been so very busy preaching and teaching because God has been opening many opportunities for us.

## FAMILY NEWS FLASH

Things are HAPPENING in our family. Melanie is expecting a baby sometime in late December or early January. Lemuel will be a father and we will be grandparents (as if that is not obvious enough!!!). Elroi continues with his job in a media company. He is very busy; perhaps a tad too busy. Ian has gone to Liverpool to finish up his studies. He should be back before the end of this year, although he is talking about doing his Masters there as well. **Please continue to keep our family in your prayers.**
